Summary of CAPT Doug Henschel's Letter form Camp Okinawa. Letter was dated May 9.

1) Morale is good.
2) Access to phones and email is variable.
3) LCDR Guldbek was the 14th DENCO member who went with CAPT Campen, COR Paulette and Chief Catron, DT1 Selix and DT3 Sandoval went to iraq.
4) The weather is hot, reaching 90 degrees by 9am usually and peaking to about 100 to 110 degrees daily.
5) The food is OK and plentiful. No MRE's yet.
6) Phone cards are not working.
7) They are busy completing requirements and sign-offs for the FMF Warfare Pin and martial arts classes are offered though on a limited basis so far
8) Dental is busy caring for camp personnel and Marines and Army personnel that come to our camp since it seems that Camp Okinawa's dental are the only dental "in town" doing any treatment.
9) Most are stationed in Camp Okinawa.
10) There are rumors that some flights may be bringing at least some of us home in a couple of weeks but it is very sketchy. The medical side has asked for volunteers who might want to stay on longer but I have had no request yet, besides the two dental missions that have gone already people total.
11) Very limited use of the "Camp" phone is possible- 5 minute calls allowed, now one time a week but it was less until this week.
